

Please use this table as a guide only. Master Lock recommends trying your selected lock on your specific application prior to any purchase. Contact your lock distributor or Master Lock for assistance.

1690/1790 locks are recommended for single point latch lockers.

*Note: Single point latch lockers transitioned from horizontal latching (1652 or 1670) to rotating latching (Wrap Around Latch™) in 9-2009. Lockers built before 9-2009 will use horizontal latch locks. Please check with the locker manufacturer to confirm latch type required.

1 Locker Selection	2 Handle/Latch Type	3 Lock Selection		Built-in Wrap-Around Latch™ Locks		Built-in Combination Locks Key Controlled		Built-in Keyed Locks Key Controlled		Combination Portable				Keyed Portable
